3) The proposal is to increase his pay in the Iron Works from Rs 850 to Rs 1,000 because he gets promoted to Deputy Commissioner's pay of Rs 800 on the general list. If the pay of Rs 850 that is now given is considered not inadequate for the place he is holding, it is not absolutely necessary that his pay in the Iron Works should be raised for the reason mention above.

4) The operation of the Iron Works have been standardised now, and the work cannot be regarded as onerous now as what it was in the initial stages which might have justified the grant of increased emoluments. Further

on account of measures of retrenchment all extra allowances and have been latterly reduced or abolished. The Iron Works were hitherto sustaining heavy losses, and it is only in future we expect some working profit. The appointment of a Development Commissioner for the charge of the Iron Works etc., involves some extra recurring expenditure to the works. It is desirable to avoid further additions to Recurring expenditure as far as possible, till at least the anticipated profit from the Iron Works is actually found to have realised.

5) For reasons stated above, I would suggest that the question of allowing an increase of pay to Mr. M.S. Ramachandra Rao may be considered after six months or so, when we will know the actual financial results of the works with the addition of the Steel Plant which has been just installed.

Final Note by the Second Member of Council.

Subject.—

Raising the salary of Mr. M.S. Ramachandra Rao, B.A., General Manager, Mysore Iron and Steel Works, Bhadravati, from Rs.850 to Rs. 1,000 from 30th May 1936.

Mr. M.S. Ramachandra Rao was appointed General Manager of the Mysore Iron and Steel Works, Bhadravati in Government Order No.2187-9/ C.B. 17-34-1 dated 17th April 1935 on a consolidated salary of Rs.850 per mensem. At the time, Mr. Ramachandra Rao was, as Senior Assistant Commissioner, drawing Rs.600 per mensem.

Mr. Ramachandra Rao has been promoted as acting Deputy Commissioner from the 30th May 1936 and the question of granting him higher emoluments as General Manager was taken up for consideration. The Financial Secretary has noted that in view of previous heavy losses that the Iron Works has sustained, the question of allowing an increase of pay to Mr. Ramachandra Rao might be considered after six months or so when the Government would be in a position to know the actual financial results of the Works with the addition of the steel plant.

Mr. Ramachandra Rao has been doing good work and the Works have shown a substantial profit during the last few months. The work of the General Manager is very heavy especially with the addition of the Steel Plant and in view of added responsibilities, it is proposed to raise the salary of Mr. Ramachandra Rao from Rs.850 to Rs.1,000 per mensem from the date of his promotion as acting Deputy Commissioner.

The Dewan and the First Member of Council are agreeable to the above proposal, which is submitted for the gracious sanction of His Highness.
